**NB:**

- Product design requires the support of a vanity unit below the basin.
- Measurements: max 2405 x 605 mm.
- The basins have a tolerance of +1/-1 mm; we recommend that all basins are ordered 5 mm wider than the furniture setting (e.g. 1605 mm total width to suit 2 x 800 mm units).
- Centre of the basin must be aligned with the centre of the vanity unit.
- For wall-to-wall solutions we recommend 3 mm space on both sides between worktop and wall. Take care to note the diagonal measurement between the walls.
- Bespoke products cannot be cancelled or returned after the signed order form is received.
- Please be aware that the warranty no longer applies if modifications to the construction and/or the design are carried out.
